

Don't forget that our June 14 gathering will be at the same temporary location as our May gathering was. That's the Normandy Park Congregational Church (United Church of Christ), 19247 1st Avenue South. You can drive around behind the building and come up the back steps from the rear parking lot, we're in the room on the right. This will be our last Gathering before the Strawberry Festival, so please come help us finalize the plans. There's a link to a map on our events page. <http://www.sustainableburien.org/events.html>

Our July gathering should be back at the Library in it's new location at SW 152nd and 4th SW. We'll have updates on our Events page.

At the May 10 Gathering we discussed the following items:

#### Community Garden:

We're still working on starting Community Gardens. We're looking for additional potential locations. We're exploring the possibility of using a corner of the BIAS art space for a demonstration garden, and also seeing if it's practical to involve some of the local schools as locations for gardens. We need to start getting the word out with letters, presentations to the City Council and flyers around town.

Meanwhile, if you have some space in your yard that someone could use for gardening, or are looking for a nearby location that you could use for a garden, there's now a "South of Seattle" section at <http://www.urbangardenshare.org/>

#### Logo:

Work is being done on some edits for the final 2 candidates that were selected for the Sustainable Burien Logo. One is a standard sized logo that can go on flyers, banners etc. The other is a small symbol that can be used as an identifier where we can't use a full size logo.

#### Strawberry Festival:

Kelly is keeping a sign-up sheet for volunteer shifts for the 2 days of the Festival, Saturday, June 20 10 AM to 6 PM and Sunday June 21 10 AM to 5 PM. Please let her know if you have time to help in the booth. It's only 4 weeks until the Festival.

#### Alternate Gathering Schedule

We're going to be taking a poll to see what days and times work best for the most people. There's no way to pick a schedule that will work for everyone, but if there's a better time for most people we can all discuss making some changes. Watch for an email that will invite you to take a survey so that we can get some ideas. The survey will also include some questions to help decide what sort of Movie schedule would interest people.
